WINE OF CARDUI Woman's Crowning Virtue.

Belton, Mo., July 37.

For years I suffer d terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did tryit. Last month I did not have a pain, and dall my work, which I had not done in seven years.

Wine Gardu

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardul permits sensitive women to retain their modesty. With it they can cure female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities to the chattanooga address giving symptoms. There should be no hesitative-tions, address, giving symptoms. There should be no hesitative-tions. The longer postponed the harder to cure.
